Dee Horie with Patrick Kelly,  
President of the Board of Directors,  
British Columbia Golf

*A little bit about Dee – she has served on the BCGA Board of Directors and eventually served on several committees, notably the Player Development and the Championships Committee. During her tenure with British Columbia Golf she was at the helm of many Provincial and Zone Championships spending many hours planning and organizing to make certain that the players and other team members had a memorable experience. While serving on the British Columbia Golf Board of Directors she was also on the Zone 6 Executive as Assistant Junior Chair which led to Junior Chair, her current position. She provided the leadership that was needed for these talented young golfers and earned the respect of all of her contemporaries with her enthusiastic and relentless devotion to this Junior Girl's Golf Program.*

*Dee has always been the type of person who has wanted to give back to the sport that she loves. She has the special gift of being able to motivate and inspire people on so many levels as a dedicated volunteer and true believer in encouraging both juniors and adults to participate at every level.*

**CONGRATULATIONS DEE!**
