

**Zone 6 Fall Meeting
Handicap Report
October 21, 2019**

Once again a year of great golf.

If the club is contacting the BCGA for a rating they should send it to me also, as we set up our schedule early spring.

As for handicaps this year there were not a lot of questions. I did notice that some clubs were not monitoring some of their members.

I do not have a lot to say today as you know the handicap system is changing in January 2020. I do have handout here if you are interested to learn a little on it. You can also go on the web site but new manual is not there yet.

I am working with the BCGA right now to get a seminar in March or early April as this is already 3 to 4 months into the season. I know some of you snowbirds will not be back but I am not sure we can wait until the end of April or May. Just please send a rep from your club, but I do think you can go on line when away and get info from there.

Thank you for being here to-day and will once again looks forward to seeing you at the spring meeting.

Thank you,

Jo-Anne Vail
Course Rating & Handicap Chair
