

Zone 6 Ladies Rules

Spring Report 2019

Welcome ladies to our spring Captains Meeting. While I am currently the Rules Chair, I am only a small part of your rules team. Susie and I work in conjunction with the mens rules team as well as other rules officials in our zone. The zone rules team is available to provide course set up, marking and rules oversight for club and zone events.

The rules of golf are complex. With the new rules coming into effect for the 2019 golf season there may be some confusion. Susie and I are here to provide any assistance, and help you to interpret the new rules. On the zone website we have provided a few pointers on the new rules as well as contact information should you need a rule clarification.

I would ask club captains to encourage your members to familiarize themselves with the new rules. Knowing the rules generally helps contribute to a more enjoyable golf experience.

I would like to thank our executive for their support. I would also like to thank our members for their participation in our zone events. I encourage everyone to bring along a friend so that we may continue to grow the game.

In conclusion please remember: The rules of golf suggest we play the course as we find it and the ball as it lies, and if neither is possible PLAY FAIR. Have a great season!

Respectfully

Zone Chair
Johnna Dodd

Zone Assistant Chair
Susan Youle
