Zone 6 Women's Golf – Teams and Tournaments Report – AGM October 5, 2026

1) Thank you to all the captains and participants from your clubs! You are all the reasons we can hold these competitions! Happy to say we have had an increase in numbers for the Scramble & Fourball.

The amateur/Senior had a steady number under the trial format of two days of competition.

2) One more shout out to the winners of:

A) Amateur/Senior at Pheasant Glen

B) Team Scramble at Sunnydale

C) Cottonwood Fourball

3) 2027 Events as follows:

A) Amateur/Senior will be held in May as a one-day event again - T & T will lead this event next year. It was a trial run with BC Golf in 2026, and we have found it may likely run a touch smoother if it can be run through T & T. While we appreciate and acknowledge the work BC Golf put into last year's event there were some bumps along the way that may not have happened if T & T had the opportunity to organize the event from start to finish.

T & T is working with two courses to find a date in May. Some of the courses are so busy in 2027 that it's tough locking in a date,

B) Team Scramble will be held at Sunnydale again for the second year in a row. June 24th,

C) Fourball will be held at Cottonwood for the second year in a row. July 8th,

D) Champion of Champions - date and Course TBD - likely September.

T and T are looking at different ways to run the CoC. Ways to fill out the field - to potentially utilize the full course and to provide others from your club who didn't qualify yet played in their club championship a chance to take a trophy. Maybe its flighted, there are some ways to make it a very successful event we just need to try to find the magic!

The goal is to open registration for each of these events earlier than in past years to garner more registrations!

Registration for the A/S anticipated on February 15th

Scramble & Fourball anticipated on April 1st

Zone 6 Women's Golf – Teams and Tournaments Report – AGM October 5, 2026

Some things that will be worked on and approved on is the information that was missing last year on the landing page for these events – i.e. description, cost, etc. It was noted to be rather bare bones! Review the handicap ceiling and anything else that's brought forth as a concern.

Cost of tournaments - this will likely always be a yearly topic - with rising food costs and rising green fees when need to continuously assess and at times look to increase entry fees. As a quick example, Sunnydale has predicted increases.

So then lastly what would mean the world to me would be if you could all please put some thought into what other things we could/should be doing with each of our events. What can we do better? What can we do differently? We may not be able to make some changes but honestly, we really won't know until we try!

Many thanks to Teams and Tournaments!

Jen Zbinden
